

Create Front-End Interface

Project: MERN Stack Employee Management System

STUDENT NAME Bhanu Sharma	ENROLLMENT NUMBER O24MCA112292
COURSE MCA Full Stack Development	UNIVERSITY Chandigarh University
GUIDE / MENTOR Alok Srivastva	ACADEMIC YEAR 2024-2026

Milestone Progress

MILESTONE Create Front-End Interface	PROGRESS COMPLETE	ACTIONS / STATUS Marked as Complete
--	-----------------------------	---

Objective

Create a user-friendly React interface for interacting with the backend employee management services.

Work Completed

- Built a company-style interface using the BluePeak HR / PeopleDesk branding.
- Created separate pages for dashboard, employees, add employee, edit employee, employee details, departments, CSV import, activity, profile, and users.
- Added collapsible sticky sidebar navigation and responsive layouts.
- Added employee search, filters, sorting, pagination, CSV export, and CSV import preview screens.
- Added deployment support so the backend can serve the built React frontend on Render.

Evidence / Files

client/src/App.jsx
client/src/components
client/src/pages
client/src/styles.css
client/vite.config.js

Outcome

The frontend milestone is complete. The application provides a practical, multi-page interface suitable for company employee management.
